01-1 VISION (OR ART MANIFESTO)

We are all equal once the Sun shines upon all alike.

We want to sing by the beauty of the depth sight and
the silence of the landscapes.

We share the stories behind our landscapes and
characters with the imagination of the spectator.

We advocate cooperation instead of competition.

We accept appropriation and re-contextualization as
an essential gesture of creation.

We are interested in the playfulness of the NFTs.

We trust our long-term value.

A SUNNY OVERVIEW

What we have done so far

its launch on Nov 11th, Solsunsets is being
developed under the following **core values**:

--PRODUCE VALUE BY THE LEVERAGING OF ART

--BENEFIT OUR COLLECTORS BY SCALING

--UNLOCK THE POTENTIAL OF METAPLEX'S MULTIPLE
AND MUTABLE METADATA
